

# MSC Abacus

18 May 2021

Dear investor,

As part of our continued improvement of the MSC Abacus investor portal, we are increasing the online security access to the investor portal.

You are receiving this email because we have identified you as one of our valued investors who log on the MSC Abacus investor portal using the Single investment access option.

To help keep your account secure we have decided to remove the Single investment access and all investors can access the investor portal using the Account login option. This option requires you to enter your email address and create a password. We find that the Account login option offers investors the added security of having a password as part of the login process. There is also an added benefit for those investors who have more than one entity that invests in funds administered by MSC Abacus to add all their investments under the one login.

To create your login you will need your previous Holding statements issued by MSC Abacus and follow the below instructions:

- Go to the investor portal via this link: <https://investorportal.msc.group/py/sys.py/c>
- Click on the Create an account option which is located under the 'Account Login' function, and enter your details ensuring that the registering email address you use is the same as the email in this communication.
- Once you have successfully logged in to the portal you will need to add your investments to the account by clicking add investment button on the right corner
- You will need to enter your investment(s) details using the account information provided on your Holding Statement(s)

Please create your login prior to 30th of June to allow for distribution of the End of Financial Year statements. If you have any questions or require assistance, please contact MSC Abacus registry via email at [registry@msc.group](mailto:registry@msc.group). Kindly include your full name, date of birth and address so we can identify your account. For more detailed instructions on how to set up your login and to access Investor Portal FAQs please [click here](#).

Kind regards,

**MSC Abacus - Registry Services**
